

LAREDAR Webinar #1

**Challenges and needs related
to lakes and reservoirs in
flood risk management in the
Danube River Basin.**

- share perspectives on current challenges at regional, local, and national levels,
- exchange experiences across countries,
- engage in a short interactive session to capture stakeholder views that will support the further work of the LAREDAR project.

 **Date:**

10 February 2026

 **Time:**

9:30–11:00 (CET)

 **Format: Online**
